

READY FOR MD REVIEW?

A 5-minute readiness check before meeting your Managing Director.

☐**DISCOVERY-BACKED**

Our recommendation is grounded in what we actually heard from the customer.

☐**PROBLEM CLARITY**

We can explain the core problem clearly in one or two sentences.

☐**STAKEHOLDER**

We know who experiences the problem and who is affected by the solution.

☐**ROOT CAUSE**

We are addressing the underlying issue, not only the visible symptom.

☐**SOLUTION ALIGNMENT**

Every major capability connects back to a Discovery insight.

☐**OPTIONS CONSIDERED**

We explored multiple approaches before selecting this recommendation.

☐**CUSTOMER READINESS**

We considered constraints, risk tolerance, security, privacy, and readiness for change.

☐**SCOPE**

We are clear about what is included - and what is not.

☐**VALUE & SUCCESS**

We can explain the expected value and how success could be measured.

☐**FEASIBILITY**

The approach is realistic for the available time, technology, and resources.

☐**RISKS & DEPENDENCIES**

We identified major risks, dependencies, and assumptions.

☐**SECURITY & RESPONSIBLE AI**

We considered security, privacy, governance, and Responsible AI where relevant.

☐**SOLUTION MAP**

The Executive Solution Map is complete and included in the SOW.

☐**EXECUTIVE STORY**

We can explain Evidence → Problem → Stakeholder → Solution → Impact in under 60 seconds.

☐**DECISION REQUEST**

We know exactly what we are asking the Managing Director to approve or challenge.

FINAL QUESTION

If the Managing Director asks “Why this solution?”

Can every team member defend the answer using Discovery evidence?
